PROFESSIONAL SUMMARY

Full Stack Developer with 1+ years of professional experience building API-driven SaaS products using React.js, Node.js, GraphQL, and MongoDB. Hands-on Agentic AI experience designing stateful multi-agent LLM workflows with LangGraph — including task decomposition, parallel execution, retry logic, Human-in-the-Loop, and checkpoint-based persistence. Fast learner who goes beyond job requirements and takes real ownership of work.

PROFESSIONAL EXPERIENCE

MERN Stack Developer | *Cyranix LLC — US-Based Remote Startup* Sept 2025 – Feb 2026

- **Tickflow – SaaS ERP Ticket Management System**
  - Contributed to a multi-tenant SaaS ERP platform with tenant isolation and role-based access control.
  - Designed and integrated secure REST APIs supporting ticket lifecycle workflows and internal operations.
  - Built and maintained analytics dashboards delivering real-time operational insights for internal stakeholders.
  - Improved backend performance and modularity through refactoring and optimized API design.
  - Involved in product testing, validating API flows, frontend integrations, and edge cases prior to release.
- **Yazerd – Marketplace Platform**
  - Developed backend services for listings, user flows, and product management features.
- **Servacy – On-Demand Home Services Platform**
  - Built GraphQL APIs using Apollo Server and Node.js for real-time service discovery and booking workflows.
  - Designed schema-driven data access patterns to improve frontend efficiency and maintainability.

AGENTIC AI PROJECTS

- **Multi-Agent Research Workflow — LangGraph, Groq, Python**
  - Designed a stateful multi-agent architecture: Planner → Validation → Fan-out Workers → Reducer → HITL → Writer.
  - Implemented dependency-aware task scheduling with concurrent worker execution (PENDING/READY/RUNNING/FAILED states).
  - Built structured Pydantic worker outputs with confidence scores, retry logic, and fallback routing.
  - Implemented Human-in-the-Loop (HITL) using interrupt()/Command(resume=...) for low-confidence and failed tasks.
  - Added checkpoint-based persistence using InMemorySaver, thread_id, state inspection, and checkpoint history.
- **Autonomous Blog Agent — LangGraph, LangChain, Groq, Tavily**
  - Built an AI-powered blog generation workflow with web search integration via Tavily.
  - Designed agent workflow for topic research and structured blog content generation using LLM-powered components.

FREELANCE & PERSONAL PROJECTS

- **Ramy Pet Hospital – Veterinary Clinic Management System (MERN Stack)**
  - Built a full-stack clinic management system including patient records, appointment scheduling, and billing management.
  - Developed REST APIs and MongoDB schemas for managing animals, owners, treatments, and medical history.
- **E-Commerce Platform (MERN Stack)**
  - Built a responsive e-commerce application using React, Tailwind CSS, and Node.js with product listings, cart functionality, and order management.
- **School & Course Management Systems (MERN Stack)**
  - Designed scalable systems for attendance, financial records, and learning workflows.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI, Redux, Context API
Backend & APIs	Node.js, Express.js, REST APIs, GraphQL (Apollo Server)
Agentic AI	LangGraph, LangChain, StateGraph, Planner-Worker Architecture, Task Decomposition, Fan-out/Fan-in, Parallel Execution, Conditional Routing, HITL, Checkpointing, Thread Persistence, Retry & Failure Handling, Groq, ChatGroq, Pydantic
Databases & Tools	MongoDB, MySQL, Mongoose, Git, GitHub, Postman

EDUCATION

Bachelor of Science in Software Engineering (BSSE) | *University of Central Punjab, Lahore* Mar 2023 – Apr 2027
CGPA: 3.06

LEADERSHIP & ACTIVITIES

- **Director of Event Planning** – Mavrick Club: Leading end-to-end planning and execution of club events, coordinating cross-functional teams.
- **Co-Director of Communication** – ACM-UCP Chapter: Managed technical communications and coordinated workshops with industry experts.
- **Organizer / Volunteer** – Speed Programming, LFR/RC Car 'TAAKRA'; FYP Open House Exhibition.
